## BOARD, ADMINISTRATION CHART SUCCESSFUL COURSE

Satisfaction with a job well done is one of the few fringe benefits available to Board members. Mrs. Jean Mitchell and Mr. William Jones.

The plot and players were the same, but the performance was better than ever. The seven community-minded citizens who served on the Wayzata District 284 Board of Education wrestled with an annual problem—more students and higher taxes.

By utilizing its administrative talent most efficiently, the incumbent Board provided the district with an educational program that was progressive within necessary financial limitations. Board officers were: Mr. Arthur Bauer, Chairman; Mrs. Jean Mitchell, Clerk; and Mr. William Young, Treasurer.

Chief administrator for the Board was Superintendent, Dr. Robert Snyder. He provided the quality leadership so imperative to the educational success of the district's nearly 5,000 students.

Reports, statistics and more of the same were the regular order of business for Board Chairman, Mr. Arthur Bauer, left, and Col. Robert Elliot.
